

Workshop: National-level gender and environment statistics

28 February- 1 March 2018

Nairobi, Kenya

Molly Gilligan

Expected workshop outcomes

- The final indicator list, based on the initial ideas and suggestions from group discussions, will be incorporated into a full report
- This report will incorporate desk research on international and national level data, country case studies, and lessons learned through interviews and workshops
- Lessons learned from Lao PDR, Kenya and Mexico will be incorporated
- UN Environment and IUCN will then provide recommendations for strategies to enhance capacity on gender-environment statistics
